WebDesktop

EN-2, FG-6, September/October 2012

PRISMA CLIENT MIGRATION AND INTRODUCTION TO THE WEB DESKTOP – WELCOME.

BMW GROUP

ON COURSE FOR THE FUTURE.

We'll get you fully prepared…

So what is this WebDesktop?

How will things change for me?

When will the changeover take place?

…and make sure you have a pleasant journey.

BACKGROUND TO PROJECT.
PRISMA CLIENT MIGRATION.

The replacement of the PRISMA client is a sub-project of the group-wide project to replace Smalltalk and was approved by the Strategy Board on 19.01.2011.

The project was split into 2 phases:

- **Release 12.1:** Replacement of partner workplace (PAP)
- **Release 12.2:** Replacement of PRISMA interfaces in the IAP

PAP → **April 2012**

PRISMA client in the IAP → **November 2012**

PRISMA client in the WebDesktop

OBJECTIVE.
NOT 1:1 MIGRATION, BUT INTEGRATION IN THE OVERRIDING PDM OBJECTIVE.

PDM Web Client

PRISMA98 /PAP client

Integrated WebDesktop
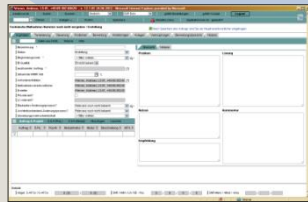

Improvement in **user-friendliness.**

Improvement in **usability** through **mass processing of data**.

Transfer of PRISMA client functions into a **modern and innovative web interface.**

Integrated and **hierarchical** data display.

Improvement in **process consistency** for BMW users and partners (just **one interface**).
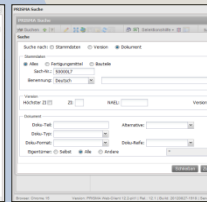

# SEQUENCE OF LIVE DEMONSTRATION ON THE SYSTEMS.
